by Thomas Berry**

Following the celebration of the birth of Thomas Berry one hundred years ago on 9th Nov 1914, **A Grandstand for the Environment Inc.** is screening his film "The Great Story". This is a compelling film about our connection to Mother Earth and is not to be missed.

Friday 5th December 2014  
7.30pm at Manningham Old Church (lower hall)  
104 Atkinson St Templestowe  
(Car park off Wood St, behind 711 store)

In his book "The Sacred Universe", **Thomas Berry** says:  
"The universe is the supreme manifestation of the sacred.  
We must remember that it is not only the human world that is held securely in this sacred enfoldment but the entire planet. We need this security, this presence throughout our lives. The sacred is that which evokes the depths of wonder. We may know some things, but really we know only the shadow of things."
