

“TURNING THE TITANIC”

a radio play and public forum

Don't miss the performance of this allegory of the current **climate change** debate asking the question: “Why do we find it so difficult to accept the findings of climate science and respond to the challenge of **global warming**?” Join with us, as we turn back the clock one hundred years to imagine ourselves on the Titanic maiden voyage and see how the history reflects our current situation.

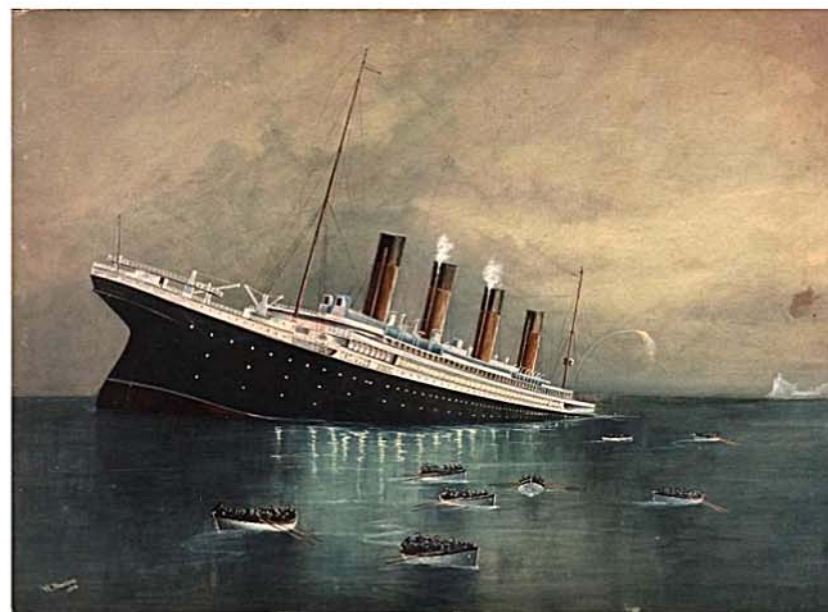

Public Forum

Guest facilitators: **Dr Graeme Pearman**
former Chief of Atmospheric Research at CSIRO
Sue Pratt, from *Psychology for a Safe Climate*

7.30pm, Thursday September 6
Northcote Town Hall
Studio 1, 189 High St, Northcote

Tram route 86 stop 30, and short walk from Merri Train Station on South Morang (formerly Epping) Line
